# SOOJAL KUMAR

WEB DEVELOPER

## ABOUT ME

Passionate computer science student in the 3rd semester at DHA Sufa University. Proficient in Java, Python, and C, with a focus on web development technologies. I thrive on solving problems and delivering efficient software solutions. Recently developed a website (<https://selltrixx.myshopify.com/>) in under a month, showcasing a blend of creativity and technical skills. Currently exploring Shopify and actively contributing to e-commerce website development. Excited about bringing innovation to every project.

## WORK EXPERIENCE

Aug 23 - July 24

### IT MANAGER | Intellect Consultancy | Remote Job

Managed all things tech at Intellect Consultancy, making sure everything ran smoothly. Took charge of setting up systems to boost productivity. Fixed any computer hiccups in a flash, keeping work on track. Worked on smart IT plans that matched what the company needed.

## Key Achievements:

- Set up and managed the tech side of things at Intellect Consultancy.
- Fixed computer issues quickly, so everyone could keep working.
- Made two websites on WordPress:
  - [www.intellectacc.com](http://www.intellectacc.com)
  - <https://takadaassetmanagement.com/gu>
  - <https://scentdaze.com/>

## Education and Expertise:

### Programming Proficiency:

- Java (2023 - present):** Mastery in crafting robust, efficient, and platform-independent applications.
- Python (2022 - 2024):** Proficient in developing a wide range of applications with an emphasis on efficiency.
- C Language (2021 - 2023):** Expertise in creating highly efficient and low-level applications.

### Web Development Mastery:

- HTML (2019 - present):** Proficient in creating structured and visually appealing web content.
- CSS (2019 - present):** Expertise in enhancing visual appeal and user experience of web pages.
- Bootstrap (2020 -present):** Skillful in designing responsive and user-friendly websites.
- JavaScript (2020 - 2021):** Command in building interactive and dynamic web applications.

## Shopify Experience:

### Shopify (May 2024 - Present):

- Created and customized websites using Shopify.
- 3 months of hands-on experience working with Shopify platform.
- Built and designed user-friendly online stores.
- Worked on improving website layouts and adding features.
